ADHESIVES

"Epoxy adhesives in concrete construction," R. W. Gaul, A. J. Apton 786

AGGREGATES

"Aggregates and aggravations of heavyweight concrete," L. D. Long, J. R. Clements 876

AIRPORTS

"Airport master planning for the jet age," G. C. Miller 308
Alternate bidding on asphalt and concrete for pavements recommended by special House Subcommittee 367
"Airport fueling systems for jets," James P. O'Donnell 327
"Better airfields for bigger aircraft—mission of ASCE Air Transport Division," John M. Kyle, Jr. 307
"Columbus Air Force Base tests favor asphalt pavement for jets," Arvin S. Wellborn 339
"Concrete pavement for jet aircraft," Gordon K. Ray 312
"Dulles International Airport—concrete production a prime factor in paving," William E. Gable 858
"Federal participation in airport development—the role of FAA," E. R. Quesada .. 315
Jet Age Airport Conference held at Houston 259
La Guardia, N. Y., improvement program .. 836
N. Y. International Airport building program 516
"N. Y. International Airport—planning terminal buildings," Thomas M. Sullivan 334
N. Y. International Airport—Pan American Terminal 61, 124, 368
"Pavement for heavy planes," Phillip A. Hahn 320
San José, Calif., studies expansion 750
Second Jet Age Airport Conference at Houston, report on 497
Stockholm pushes Jet Age airport 514
"Washington International Airport—a model for the Jet Age," Herbert H. Howell 316
"Wheeling, W. Va., airport resurfaced with tar concrete for jets," Charles J. Carter .. 324

ALASKA

"Alaska can become a great state," Donald Eyinck 638
"Alaska mast features high-strength bolts," W. J. McFarland, Jr. 630
"Alaska needs roads," E. H. Swick 628
"Alaska—notes on arctic construction," Donald Eyinck 636
"Alaska—Uncle Sam's 'farthest north' railroad," Irvin P. Cook 634
"Civil engineering in Alaska," Amos J. Alter 623
"Fairbanks, Alaska—cold-weather public works," Robert L. Crow 633
"Engineering research in arctic Alaska," Harold R. Peyton 626
"University of Alaska—experiment and expansion," Charles Sargent 635

ALUMINUM

Aluminum construction manual available .. 671
"Brussels World's Fair Transportation Pavilion has economical aluminum roof," A. Lipski (Oct. 1958)
Correction by author 103
Aluminum Co. plans large research center .. 837
Detroit building designed as showcase for aluminum 838
Dominican Republic a source of bauxite 207
Las Vegas convention center has aluminum dome 674
Moscow exhibit of U. S. to feature aluminum dome 127

Wisconsin Section prevents registration law change 501
Manuals
"Sanitary Landfill," Manual No. 39, issued 655
"Sewage Treatment Plant Design," Manual No. 36, issued and some errata noted 108, 503, 655
Membership
New grade designations in effect 427
Reclassification of member grades 109, 193
Reinstatement is simple procedure 822
Officers
Biographies of new officers 723
Practice of Engineering
Board of Direction reaffirms 1948 policy statement on engineers in public practice 499
Presidents
Francis S. Friel's Annual Address, "Current challenges in civil engineering" 385
Frank A. Marston's biography 723
Frank A. Marston's inaugural address, "Dreamers of the ASCE dream" 769
Research
Second ASCE Conf. at Northwestern Univ. 884
1960 Fellowship available 812
Research prizes won by five engineers: Charles L. Bretschneider, Norman Brooks, Arthur Casagrande, Daniel Frederick and George S. Vincent 809
Salaries and Fees
ASCE Committee reports, "Civil engineering salaries rise in 1959" 564
Discussion by S. B. Folk 719
Basis of engineering salary Index 48
Correlation with other surveys 653
"Employment conditions show important trends," C. W. Griffin 890

ATOMIC ENERGY

"Aggregates and aggravations of heavyweight concrete," L. D. Long, J. R. Clements 876
AEC drawings filmed for subscribers 520
AEC licenses firm to dispose of atomic wastes 298
Fallout shelters built into new homes 753
Fifth Nuclear Congress in Cleveland, April 1960 ..... 107, 194, 350
First nuclear-powered cargo ship launched .. 672
"A low-cost home shelter from nuclear blasts," Herbert A. Sawyer 868
"A nuclear device for fast density-compaction evaluation," H. A. Radzikowski and N. J. Cohen 715
"Shielding properties of concrete," Frank Titus 879

ATOMIC ENERGY, Power Plants

Big Rock Pt., Mich., to have power plant .. 595
Dresden Plant, near Morris, Ill., gets fuel and largest nuclear reactor 56, 367
Hallam Nuclear Plant (Nebr.) contractor selected by AEC 298
Hunterston, Scotland, plant being built 194
Italy gets loan for atomic power plant 908
South Carolina to build demonstration plant 207

ATOMIC ENERGY, Reactors

Argonne low-power reactor dedicated 57
"Containment of fragments from a runaway reactor," Norman R. Zabel 559
Hanford to have AEC reactor 454
"Marcoule, France, has reactor vessel of cable-reinforced prestressed concrete" 561

AUDITORIUMS

"Brussels World's Fair Transportation Pavilion has economical aluminum roof," A. Lipski (Oct. 1958)
Discussion by Mr. Lipski 103
Pittsburgh Civic Auditorium started 452
Shreveport stadium converts to auditorium . 207

AWARDS AND PRIZES

Alfred Noble Prize to electrical engr., Ghaffar Farman-Farmaian 111
AWWA scholarship to civil engineering graduate 371
Hoover Medal to General R. A. Wheeler 194
John Fritz Medal to G. A. Price 653
Moles Awards to Wm. Denny and G. M. Drake 910
Raymond Concrete Pile Award (first) to Martin S. Kapp 56
Raymond Concrete Pile Award (second) to M. T. Davisson 206, 909
Washington Award to James R. Killian 354

BEAMS

"Bending-moment curves for beams with loads varying uniformly from zero," Joseph S. Guérin 30
Discussion by T. F. Hickerson 176
"Deflections of cantilever beam with variable section," Thomas D. Y. Fok (Oct. 1958)
Discussion by T. F. Hickerson 34

BID PRACTICE

ICA requests experience data from consultants 503

BLASTING

"Swedish canal blasted without removing overburden," Sten Brannfors 780

BOLTS

"Alaska mast features high-strength bolts," W. J. McFarland, Jr. 630

BREAKWATERS

Nigeria plans 6-mile breakwater 368
"Pass Christian, Miss., and Lake Pontchartrain, La., utilize prestressed concrete cylinders in breakwaters," Robert N. Bruce ... 554

BRIDGES

Aluminum railings used for lighting 754
Amer. Inst. of Steel Construction chooses most beautiful steel bridges 835
Arthur Kill spanned by world's longest vertical lift 517
Bosporus Bridge to connect Europe and Asia 593
"Calumet Skyway Toll Bridge," R.C. Hamm 162
Canada and U.S. connected by suspension bridge 58
Chesapeake Bay bridge-tunnel contract let . 752
"Designing economy into steel bridge erection," E. L. Durkee 250
Firth of Forth Bridge discussed as longest built by cantilever method, Peter E. Joselin 343
George Washington Bridge to have lower deck 366
"Glen Canyon, Ariz., arch bridge, world's highest," Francis J. Murphy 86
Glen Canyon (Ariz.) Highway Bridge dedicated 294
"Hood Canal Bridge—a floating highway bridge 6,470 ft long," Charles E. Andrew . 848
Mackinac Bridge, symposium:
"Superstructure design and construction," D. B. Steinman, C. H. Gronquist 16
"Longest bridge cables ever constructed," W. E. Joyce 22
"Approaches, toll plaza and electrical system," J. London 26
Mississippi Bridge near Davenport, Iowa, nears completion 669
New Zealand bridge nears completion 206
New York bridges complete 50 years of service 594
Discussion of errors by F. H. Frankland 799
New York's Verrazano-Narrows Bridge started 125, 670
Niagara Rapids Bridge begun 205
"Niagara Rapids Bridge (American Rapids Bridge), longest plategirder span in U. S. completed," E. H. Praeger, T. C. Kavanagh 856
"Noxon Rapids Dam calls for railway and highway relocation," G. R. Latham, W. G. Saville 150
"Orthotropic plate design for steel bridges," Roman Wolchuk 74
Pakistan plans long-span steel arch railroad bridge 370
Palm Beach lift span completed 753
"Philadelphia's first permanent bridge over the Schuylkill, 1805," Noel W. Willis, J. Lincoln Marion 692
"Pittsburgh tied-arch bridges—Fort Pitt and Fort Duquesne—designed with aid of electronic computers," Jerry C. L. Chang (Nov. 1958)
Discussion by George Katanics 176
"Richmond-Petersburg (Va.) turnpike bridge on hammerhead piers," D. B. Steinman, C. H. Gronquist 774
Sacramento River Bridge (Calif.) built in stages 671
"Second Narrows Bridge at Vancouver—findings on collapse," F. M. Masters, J. R. Giese 96
"Smoother bridge approaches," Charles W. Jones 407
"Solving bridge geometrics by computer," Jack Belzer (May 1958)
Discussion by Keith A. Kelly 34
Reply by Mr. Belzer 34
Discussion by T. F. Hickerson 258
Soo Canal lift-span to replace swing span 60, 370
Stroudsburg bridge to be of steel 454
Throgs Neck Bridge steel started 451
"Throgs Neck Bridge, New York—foundations for," Nomer Gray 706
U. S. Steel awards design prizes 836
"Washington Viaduct, Atlanta, Ga.—a new steel backbone for an old concrete bridge," D. E. Stevens 486

BUILDINGS

Atlanta to build huge coliseum-mart 295
Chicago's Sheraton Towers Hotel addition .. 669
Cuban engineers get new headquarters bldg. 892
Detroit building designed as showcase for aluminum 838
"Economy in concrete buildings," Joseph R. Farrell 80

"Leakage in masonry and curtain-wall construction," Raymond W. Ehrenberg 865
New York—Chase Manhattan Bank steel erected 595, 752
New York—Columbia Univ.'s new engineering center 371
New York—Cooper Union's new engineering building 295
New York—"Hunter College Library has inverted concrete umbrellas for roof," Maurice Barron, L. D. Long 482
Discussion by Frank B. Brown 718
"N. Y. International Airport—planning terminal buildings," Thomas M. Sullivan 334
New York—Lincoln Center's builders chosen 205
New York—Time and Life Building topped out 57
New York to have world's largest office building 908
New York—U. S. Embassy Office Building, United Nations, to be built 59
Oakland, Calif.'s Kaiser Center features aluminum curtain wall 450
"Philadelphia's bus repair depot for transport system," Stewart C. Barnett 771
"Pittsburgh apt. building supported by concrete arches," R. M. Gensert, Emil C. Hach 387
Providence, R. I., post office has thin-shell concrete roof 909
Rotterdam host to International Congress on Building Research 596
U. S. Capitol remodeling under way 499
Washington, D. C., House Office Building ... 909
"Waterproofing buildings below grade," Grayson W. Gill 3
Discussion by I. G. Forbes 258
Reply by Mr. Gill 259
Discussion by E. C. Harding 259
"Wood River, Ill., tank car repair structure—dome built from the top down," Ralph L. Heathcote, Reign C. Ulm 872

BUILDING CODES
ASA rejects request for small-home code ... 57

BUREAU OF RECLAMATION
"Kansas River basin development for water resources," Paul H. Berg, A. D. Soderberg 82

BUS TRANSPORTATION
Discussion on facilities for bus transport by Charles Elcock 257
N. Y. Port Authority bus terminal to be enlarged 834
"Philadelphia's bus repair depot for transport system," Stewart C. Barnett 771

CANALS
Panama Canal improvement studied 451
"Panama lock overhaul corrects explosive buckling of floor," Frank H. Lerchen 158
Soo Canal lift-span to replace swing span .. 60
Suez Canal utilizes U. S. Corps of Engineers dredge 298, 838
"Swedish canal blasted without removing overburden," Sten Brannfors 780

CEMENT
Hawaii to have cement plant 453

CITY PLANNING
"Los Angeles' Bunker Hill area to be redeveloped," William H. Claire 10
Los Angeles' Bunker Hill development approved 295

CIVILIAN PROTECTION
"A low-cost home shelter from nuclear blasts," Herbert A. Sawyer 868
Fallout shelters built into new homes 753

COLISEUMS
Portland's Memorial Coliseum has steel roof 910

COLLECTIVE BARGAINING
U. S. Supreme Court supports EJC brief ... 51

COLUMNS
"Determining the lateral deflection and permissible loads on columns," Donald Bregman 714
Discussion by Douglas H. Merkle 799
Discussion by William R. Osgood 799

COMPUTERS, Electronic
"Computer designs steel—a floor at a time," John H. Wells 414
"Computers and the Engineer Personality," Elmer K. Timby 147
Kansas City Conference on Electronic Computation 654
"Pittsburgh tied-arch bridges Fort Pitt and Fort Duquesne—designed with aid of electronic computers," Jerry C. L. Chang (Nov. 1958)
Discussion by George Katanics 176
Programs made available by Task Committee of ASCE Structural Div. 886
"Solving bridge geometrics by computer," Jack Belzer (May 1958)
Discussion by Keith A. Kelly 34
Reply by Mr. Belzer 34
Discussion by T. F. Hickerson 258
"Stress analysis of a large radar antenna by digital computer," S. Namyet, J. M. Biggs 90
"A valuable combination—photogrammetry and electronic computation," John H. Mitchell 14

CONCRETE
"Aggregates and aggravations of heavyweight concrete," L. D. Long, J. R. Clements 876
ACI Convention in Los Angeles 296
"Coal bridge for N. Y. power plant has tower frames stabilized with heavy-weight concrete," Ralph M. Baumgarten 471
"Dulles International Airport—concrete production a prime factor in paving," William E. Gable 858
"Economy in concrete buildings," Joseph R. Farrell 80
"Epoxy adhesives in concrete construction," R. W. Gaul, A. J. Apton 786
"Shielding properties of concrete," Frank Titus 879

CONCRETE, Precast
"Havana paint plant has precast folded-plate roof," Ignacio Martin, Narciso Padilla 170

CONCRETE, Prestressed
"Marcoule, France, has reactor vessel of cable-reinforced prestressed concrete" 561
"Pass Christian, Miss., and Lake Pontchartrain, La., utilize prestressed concrete cylinders in breakwaters," Robert N. Bruce . 554
"Polygonal shape simplifies pipe prestressing," Rolf Schjodt 248
"Prestressed concrete in marine structures," Ben C. Gerwick, Jr. 782

CONCRETE, Reinforced
Handbook issued by Concrete Reinforcing Steel Institute 753
Univ. of Illinois studies floor slabs 672

CONCRETE, Thin-Shell
New York—Hunter College roof under construction 60
New York—"Hunter College Library has inverted concrete umbrellas for roof," Maurice Barron, L. D. Long 482
Discussion by Frank B. Brown 718
Providence, R. I., post office has thin-shell concrete roof 909

CONSTRUCTION INDUSTRY
Allis-Chalmers acquires S. Morgan Smith Co. 210
"Competition in construction," Ancle C. Tester 789
AGC holds 40th Annual Convention 204
"Mutual respect, key to good engineer-contractor relations," Frank Worsham, Jr. ... 148

CONSTRUCTION VOLUME
Monthly report 56, 124, 204, 294, 366, 450, 514, 592, 671, 750 908
Over $50 billion in construction spending foreseen for 1959 59

CONSULTING ENGINEERING
Amer. Inst. of Consulting Engineers elects new officers 206
Discussion on benefits to profession of private practice, Donald R. Goodkind 342

CONTRACTS
"Legal problems encountered under construction contracts," Samuel S. Gill 232

CORPS OF ENGINEERS, U. S. Army
Alaska-stationed engineers get new offices ... 294
Builds emergency spillway on Madison River, Montana 751
Corps dredge works on Suez Canal 298, 838

CULVERTS
"Improved culvert performance through design and research studies," William J. Bauer 167
Discussion by Fred W. Blaisdell 492
Reply by Mr. Bauer 650

DAMS
Aswan Dam plans modified 596
Bhakra Dam (India) structure still flooded . 837
"Brazil's Rio Lagartijo steel-faced rockfill dam," James L. Sherard 698
Cougar Dam, Oregon, contract awarded 592
"Croton Dam spillway lowered after fifty years of service," F. B. Marsh 29
The Dalles Dam dedicated 834
Diablo Dam (on Rio Grande) discussed by Eisenhower and Mateos 300
"Glen Canyon Dam—ten-million-dollar construction plant," Joseph Peraino 390
Glen Canyon Dam access, "Building the world's highest arch span," Francis J. Murphy 86
Hanson Dam contract awarded by Army ... 127
International Commission on Large Dams meets in Finland 517
"Kansas River basin's water resources developed," Paul H. Berg, A. D. Soderberg 82
New Cumberland Dam, on Ohio River, concrete placed 453
"Noxon Rapids Dam calls for railway and highway relocation," G. R. Latham, W. G. Saville 150
"Noxon Rapids Dam—meets extraordinary geologic conditions," K. O. Strenge 474
"Oahe Dam closure—another shackle on the Missouri River," David G. Hammond 92
Ohio River lock and dam replacement recommended 125
"Osceola, Iowa, Municipal Reservoir; loose-rock spillway for low-head dam," Douglas W. Barr and R. W. Rosene (April 1958, vol. p. 246)
Report of partial failure by Douglas W. Barr 716
Priest Rapids Dam ahead of schedule 752
Stanaker Dam, Central Utah project, started 517
Taiwan building multi-purpose dam 300

DOMES
Las Vegas convention center has aluminum dome 674
Moscow exhibit of U. S. to feature aluminum dome 127
"Wood River, Ill., tank car repair structure—dome built from the top down," Ralph L. Heathcote, Reign C. Ulm 872

DRAFT TUBES
"Progress in draft-tube design and performance," Henry J. Hunt 154

DREDGING
Suez Canal utilizes U. S. Corps of Engineers dredge 298, 838

DRILLING
"All-purpose boring rig mounted on 'duck'," John P. Gnaedinger 31

EARTHQUAKES
Emergency spillway at earthquake site in Montana built by U. S. Corps of Engineers 751
Japan to be host to earthquake conference .. 451

ECONOMICS
Gross national product down in third quarter 911

EDUCATION

ASCE Eng. Education Committee promotes curricula study conferences 889
